

Dear Sisters and Brothers in Christ,

I'm sure some of you are wondering "How long, O Lord?" How long before we can come together in worship ... even with restrictions. We are too! We also miss seeing you in person! Yet, with the tremendous increase in cases in Bexar County and the hospitals already at their maximum capacity with more cases yet to come, we must continue to be the church without being AT church.

To help keep the people of Zion as safe as possible, along with our neighbors and friends and all the people of the community, we will continue to worship online and suspend all gatherings indefinitely. At the point when we see ***two weeks of declining case numbers*** (the guidelines given by health officials) we will then consider plans for a limited re-opening.

Until that day, God bless you all and may God bless the world through you! Be safe.

Pastor Dave
